

COX TO ARRIVE IN WASHINGTON SATURDAY

BY FRANK A. STETSON
(STAFF CORRESPONDENT I. N. SERVICE)
WASHINGTON, July 16.—Gov. James M. Cox, democratic nominee for president, will arrive in Washington at 1:20 Saturday afternoon for his conference with President Wilson at the White House Sunday morning.

The candidate will be accompanied by George White, of Ohio, one of his campaign managers, and will be guest while here, of Judge Timothy T. Ansberry. Judge Ansberry has long been one of Governor Cox's most enthusiastic supporters and as a member of the District of Columbia delegation at San Francisco had the honor of placing Franklin D. Roosevelt in nomination as the governor's running mate.

assure him of their support. All will be made to hold a public reception. Little is being said at the White House about the forthcoming conference, but whenever the subject is broached officials wax mysterious and hint that the result will be extremely disconcerting to these prophets of the press that have been circulating stories of wide difference of opinion between the candidate and the president. It was stated positively today at the executive mansion that President Wilson is showing the keenest interest in the coming campaign and is looking forward with great interest to his meeting with Ohio's governor.

THIRD PARTY MOVEMENT DIES BY WAYSIDE

BY GEORGE R. HOLMES
(STAFF CORRESPONDENT I. N. SERVICE)
CHICAGO, July 16.—Hope that a third party could be formed this year

sufficiently formidable to cause worry to the two old parties were definitely buried in Chicago today. Most of the elements which for a week here have been striving to bring such an organization into being, were scattering to their homes today convinced that all chances have been lost for this year at least. Some of them remained over, awaiting the calling of a new convention of liberals. But their numbers are few and their enthusiasm considerably dampened. The committee of forty-eight, which went into a coalition with the American Labor party and then came out again, will continue its life as a separate organization. Some of the forty-eighters will stick to the "Farmer-Labor" party coalition, but the great majority of them will not. The future of the organization will be left to the national committee, of which J. A. H. Hopkins, of New Jersey, is chairman. He probably will call a meeting of the national body soon in order to map out the committee's future activities. Parley P. Christensen, the Farmer-Labor nominee for the presidency, is en route to his home in Salt Lake today. He sent back word by wire that regardless of what the committee of forty-eight did, he could not do other than stick to the Labor group. Christensen was a forty-eighter when the amalgamation was effected.

The coming of the Jackson to Hammond has created a desire for a new type car—something different—something that can be distinguished from the "crowd," yet something that is just as outstanding in intrinsic worth as the "old liners."

The Jackson suggests a "new day" in automobile investment: people of Hammond have been quick to respond to the suggestiveness of this advanced type car and they have been quicker in sensing its liveness in power, flexibility and comfort. The Jackson has won for itself instant recognition here, and in a most remarkably short time, too.
